"I feel like I exit the class with a much better understanding of ethics and, most importantly, a useable framework from which to make decisions."

"I felt this course provided an overview of ethics and an excellent framework for making ethical business decisions."

"I liked the structure of the class. It worked well for applying the considerations (in terms of the cases)."

"I like the case study approach."

"I liked the open format and the case studies. They were a very good way to learn about and apply the theories."
