Service-Learning Social Justice Project

Community Partner Interview Questions

**Goal:** To create a resource/directory for organizations serving the community and those looking for volunteer opportunities. The data from the interviews will be compiled and made available on my #endhomelessness website [https://taraperrywwu.wordpress.com/end-homelessness-project/](https://taraperrywwu.wordpress.com/end-homelessness-project/).

As a part of the Service-Learning Project each student will be tasked with having an interview with a community partner from one of the many organizations in Whatcom County that are helping to end homelessness. The answers received from these questions will be complied in an online directory for our local community. Students will also be asked to report their findings to the class in their group presentations.

1. **What is the organization’s contact information?**
   - A. Contact Person:
   - B. Contact’s Position:
   - C. Phone Number and email:
   - D. Website:
